Menswear Turns Green

z3 Relaxed Luxury

For the millennials, environmentalism is as big a concern as it is for all of us. ZODIAC is proud to announce that its casual wear brand Z3 Relaxed Luxury is manufactured in a completely eco–friendly process.

What makes Z3 Eco- Friendly?

Created with an eye on the environment and a heart that beats for Mother Earth, the brand is now setting a new benchmark in the industry by going green.

- **92% of water** used in the manufacturing of our products is **recycled.**
- The heat from the same recycled water is then extracted for use in manufacturing thereby reducing the **carbon footprint.**
- With our **Zero Liquid Discharge process**, we ensure we do not pollute the environment with effluents.
- Our **HIGG Index Rating** that is among the best in the industry.
