Autefa Solutions Switzerland AG

Energy saving spunlace production

- **Autefa Solutions patented V-Jet technology**
- Lower energy consumption thanks to V-Jet technology
- up to 30% proven lower energy consumption
- higher fabric strength
- reduced water consumption
- retrofit solutions for existing lines

Energy saving spunlace production

- **Square Drum Dryer SQ**
- up to 40 % energy savings due to heat recovery (EnRec)
- improved product properties such as bulkiness and hand feel
- excellent quality with unique nozzle design
- highest evaporation capacity with small footprint
