2) **RESEARCH & DEVELOPMENT AWARDS:**

Two members nominations were received for the product developments for R&D Awards. The Jury considered one nomination eligible for the Award for their innovation efforts during the year 2017-18.

The Award winner is

Lakshmi Machine Works Ltd., Coimbatore for their innovation in "Draw Frame LDF 3"

Draw frame LDF3 is a New generation auto leveller draw frame designed to work upto the delivery speed of 1100 mpm with high degree of auto levelling efficiency that delivers consistent quality.

The LDF3 Draw Frame is equipped with unique 4 over 3 drafting arrangement with optimized delivery geometry to guide the sliver directly into delivery trumpet. The reduced web travel distance after drafting guarantees best quality with lower sliver breakage and higher delivery speeds.

The machine has direct motor drive with S-draft-servo motor controlled levelling concept and inverter controlled main motor.

The Draw Frame LDF3 has separate processing units for digital autolevelling, Online Quality Monitoring System and is fully Industry 4.0 compliant.

The other features of this product are smart auto piecing system, E-sliver cutting, inverter controlled fan motor, servo controlled coiler drive and reduced energy consumption.

This product has excellent sales record in domestic and export market. LMW has accreditation under ISO 9001 & 14001 Standards with OHSAS 18001 certification.

Recipient of the Award is :

Mr. S.Tharani Prabhu, Team Leader, Draw frame, R&D of the Company
