## New Monforts publications chart success in Europe and the denim industry

**In addition to launching its new and expanded website, A. Monforts Textilmaschinen GmbH & Co. KG has issued two new publications celebrating the achievements of its major customers.**

The first edition of *Monforts World of European Textiles* profiles a range of companies at the forefront of manufacturing in Europe serving a wide range of end-use markets – from high-end silk and polyamide fabrics for the luxury brands to nonwovens and technical textiles for digital printing, protective clothing, wallcoverings and more.

The seventh edition of *Monforts World of Denim* meanwhile charts the latest developments from the global market leaders in denim production. Monforts enjoys a global lead in the supply of finishing technology for the denim industry and is currently extremely busy responding to the interest shown at ITMA 2019 in its new CYD yarn dyeing system for this market.
