SSM at ShanghaiTex 2019

At ShanghaiTex SSM presents solutions for precision package winding and high package consistency and provides a wide range of renowned textile machines.

SSM enables yarn dyers to be successful – with the precision package winder PWX. Only a quick response to market trends in combination with high cost-efficiency enables customers to be competitive. The winder offers clear benefits to dye package winding and rewinding of filament and staple fiber yarns, with or without lubrication.

For the XENO-platform SSM presents the first and only self-regulating backpressure system in the world: *preciforce*™ for a guaranteed package consistency. Furthermore, the next generation of the blade winding *powerblade*™ will be introduced for the XENO-platform.

Besides the displayed applications, SSM provides a wide range of renowned textile machines.

See for yourself the many advantages on offer from SSM. Visit us at ShanghaiTex from November 25 to 28, 2019: Hall E1, Booth A30.
