Techtextil Russia 2021

Techtextil Russia 2021 - international trade fair for technical textiles and nonwovens.
Location: Moscow, IEC «Expocentre», pavilion 7
Dates: 14-16 September 2021
Techtextil Russia is the leading exhibition dedicated to technical textiles and nonwovens in Russia and the CIS. 12th Techtextil Russia will be held in IEC «Expocentre», in Moscow. Russian Ministry of Industry and Trade, The Chamber of Commerce and Industry of the Russian Federation will support the exhibition.

For the first time Messe Frankfurt Rus will open a joint platform to host three trade fairs on the same dates in the same place: Techtextil Russia, Heimtextil Russia (International Trade Fair for Interior Furnishings and Home Textiles) and Interlight Russia | Intelligent building Russia (International Trade Fair for Lighting and Building Services Technology).

The industry leaders such as Textima Import Export GmbH, Tehmashholding, R&Zh, Georg Sahm and many others has already confirmed their participation. Manufacturers from Russia, Germany, France and Italy will show the latest technological developments for producing synthetic fibers and yarns, nonwovens and PVC materials, equipment for cutting, coating, thermo-bonding.

Techtextil Academy – territory of advanced materials and innovation-based products

One of the most anticipated events of the exhibition is Techtextil Academy. The main mission of the platform is highlighting the new technologies and innovative products based on them. The industry professionals will open the door to the world where advanced materials can help in improving the quality of life and increasing comfort. Techtextil Academy is the unique chance to discuss the latest inventions with the main influencers and customers, producers and suppliers. The speakers will discuss the best cases of «smart textiles and materials» which is relevant for modern life. The main topics are:

- Smart Fashion
- Smart Workwear
- Future City – Innovations in constructions
- Home of tomorrow

In 2019, 82 companies from 13 countries took part in the exhibition, among them Stahl, Hiltex, Jinda Corporation, Fiab, IVCORE, Olmax, LLC «Coats». During 4 days, more than 4000 visitors from Belarus, Belgium, Poland, Czech Republic, Italy, China and Russia attended Techtextil Russia.

In 2021, more than 100 companies will present their innovations and full range of textile products for technical use, raw materials and equipment for its production: composites, polyester fibers, PVC fabrics, non-flammable materials, chemical additives improving the properties of fabrics, impregnation and coatings, nonwovens and much more.

Organizer: Messe Frankfurt RUS
