Review of 8th International Conference INDIAN Polyester - 2022

With the support of the polyester fraternity, the 8th International Conference, INDIAN Polyester - 2022, Hybrid Conference was successfully organized by Elite Conferences which was held on 23rd March 2022 at ITC Maratha, Mumbai. The conference had a combined participation of over 200 delegates from the Indian and global polyester fraternity.

The **Keynote Speeches** were delivered by Mr. Hemant Sharma, Sector Head – Polyester, Reliance Industries & Mr. Subodh Kr. Goel, Chief General Manager, Head: PTA & Glycols Marketing, Indian Oil Corporation, where they discussed emerging trends of the polyester markets and the forward path for the Indian polyester industry.

The focus of this conference was on Indian Polyester & Textile market. The expert panel discussed the growth plan for technical textiles. There was also a very vibrant discussion to chart-out strategies to enhance India's share in global apparel trade. Oerlikon Textile & Koch Technology Solutions presented papers showcasing their innovations in polyester recycling technologies.

Mr. R. K. Vij, Advisor – Polyester, Indorama Synthetics briefed the delegates about the advantages of the PLI scheme and how it can lead to growth in the MMF & Technical Textile field. ICIS & S&P Global Platts shared their view on the impact of volatility of PX & PTA on the downstream polyester business.

Wazir Advisors who were the knowledge partners discussed the growth opportunities in downstream value chain.

The conference was well supported by the industry majors namely - Indian Oil, Reliance Industries, Garden Silk, Koch Technology Solutions, Oerlikon Textile India & Wellknown Polyesters and was well attended by some of the doyens of the industry.

Over the years, the popularity of this conference has increased significantly and emerged as a unique forum for interaction between global and Indian polyester industry. This conference brings together various industry players, consultants, manufacturers, customers, technology suppliers, traders and financiers.
