PRESENT STATUS OF ZIMMER AUSTRIA?
ZIMMER AUSTRIA is producing all textile & carpet machineries as well as accessories at two locations in Austria. As well known in the market, all conventional machines for printing, drying, steaming and coating are being manufactured at the plant in Klagenfurt and all digital printing machines for textile and carpet are manufactured at the plant in Kufstein.

ZIMMER AUSTRIA will continue a strong partner for their existing and new customers around the globe. Ensuring a global sales network, aftersales service and longtime sales and service partners.

ZIMMER-AUSTRIA Driven by Perfection

WHICH ARE THE NEW INNOVATIONS OR PRODUCTS BY ZIMMER AUSTRIA?
Foremost a steady improvement on existing technology like upgrades on the electrical resp. electronical equipment, energy efficient executions of printing and drying equipment.

Also, ZIMMER AUSTRIA will promote the newly established rotary screen stripping and ironing machine.

YOUR EXPECTATIONS FROM THE INDIAN MARKET?
India was and still is a very important market, where numerous machines for printing, coating and heat setting were placed over the last decade. Even with the current energy crisis, India will remain a strong market for ZIMMER AUSTRIA. Customers in India can rely on first-grade technology and on an excellent local service team, managed by Zimmer`s exclusive sales and service partner ATE.
