

SMCCreate 2023 – Prague 7-8 November – Programme released

The 2nd edition of the SMCCreate conference jointly organized by the AVK and the European Alliance for SMC BMC takes place from 7-8-November 2023 in Prague, Czech Republic. The conference programme has now been published. Registrations are possible.

SMC and BMC are composite materials ideal for making light and intricate parts that combine structural performance with a smooth surface finish. For that reason, SMC and BMC are increasingly used in a broad range of end-use applications and markets.

Using SMC BMC in your part design

Within the time of only 1.5 day and 16 lectures, the **SMCCreate 2023** conference will again cover a wide range of subjects, all relevant for designers in their selection of materials solutions that provide performance, cost efficiency, manufacturing ability and sustainability. The participants can expect presentations from the following top-class companies: **Airbus, AOC, BYK-Chemie Dieffenbacher, EBG Group, ESI Germany, Fraunhofer, IDI, Mitras, Netzsch, Owens Corning, Siemens and Teijin.**

Date and Location

The SMCCreate 2023 will take place from November 7-8, 2023 in Prague (Czech Republic) at the Vienna House Diplomat Prague. We invite you to be part of the leading SMC/BMC event in the Europe! Registrations are now possible. The programme, further details and registration information is available at www.avk-tv.de.
