Colorjet Group honored with TMMA EXPORT award 2024-25

ColorJet Group is delighted to announce that it has been honored with the **TMMA Special Export Award 2024-25** in the **Textile Processing & Finishing Machinery Sector**.

Further adding to this achievement, **ColorJet India Limited** also received a **Certificate of Appreciation** for developing **EARTH NXT in R & D Award Category**, —an innovation that represents a significant contribution towards sustainability in the digital textile printing and textile machinery industry."

Mr. Aditya Dadu, Vice President & Business Head, ColorJet Group, was present to receive the honor during 65th Annual General Meeting of the Textile Machinery Manufacturers' Association (India), held on 19th September 2025 in Mumbai. The ceremony was graced by **Mr. Rohit Kansal, Additional Secretary, Ministry of Textiles, GoI (Chief Guest), Ms.M. Beena (IAS), Textile Commissioner, GoI (Guest of Honour),** and other esteemed dignitaries.

The TMMA Special Export Award recognizes ColorJet Group for its **outstanding export performance**, marked by significant contributions to India's textile machinery exports. and an expanding presence in global markets under "Made in India". The award also highlights the company's innovation and technology leadership, exemplified by **pioneering solutions like EARTH NXT,** a sustainable textile printer **featuring an advanced inline additives system** that integrates pre- and post-treatment directly into the printing process. This innovation eliminates the need for separate pre- and post-treatment equipment and manual handling, thereby saving energy, water, time, chemicals, labor, and floor space. With a **dedicated focus on R&D,** ColorJet continues to achieve remarkable growth in global markets while strengthening its position as a technology leader in the sector."

ColorJet's commitment to sustainability is further reflected in machines designed to minimize resource consumption without compromising performance. The company's success in International markets stems from their customer focused strategy, offering tailored solutions, robust support, and training to international clients, has strengthened trust and satisfaction. Collectively, these efforts contribute to the global recognition of Indian engineering, positioning India as a key player among international textile machinery sector.

On the occasion Mr. Aditya Dadu, Vice President & Business Head, ColorJet Group stated: *"We are truly honored to receive the TMMA Special Export Award year on year and the Certificate of Appreciation for EARTH NXT. These accolades reaffirm our commitment to innovation, sustainability, and delivering future ready world-class textile solutions relevant. At ColorJet, we strive to push the boundaries of technology while contributing positively to the global textile ecosystem."*

This recognition reflects ColorJet Group's commitment to **inspiring progress, fueling growth, and setting new global benchmarks** in the textile printing and machinery sector.
