LMW Strengthens Industry Bonds with Major Project Wins on Day 2 at ITMA ASIA + CITME 2025!

Empowering Progress. Inspiring Trust. Driving Smart Transformation.

Day 2 at **ITMA ASIA + CITME 2025, Singapore**, brought another wave of success and pride for **LMW.** Leading textile groups reaffirmed their trust in LMW's technology by placing significant project and modernization orders.

From left to right From left to right - Mr.S. Rameche (Head -Domestic Sales , LMW Limited), Mr. Ankit Singhania ji (Director - Sanskar Agro group), Mr. Jaidev Jayavarthanavelu, (Whole Time Director, LMW Limited), Mr. Sanjay Jayavarthanavelu , (Chairman & Managing Director, LMW Limited), Mr. Sumit Chaudhary & Mr. Nikhil Chaudhary (Directors- Finkraft Overseas Pvt Ltd) , Mr. S. Rajasekaran , (President, LMW Limited) and Mr. Mahesh Jawalkar, LMW Limited

Finkraft Overseas Pvt. Ltd., Malkapur , India – Expanding Horizons with LMW

In a prestigious collaboration, Finkraft Overseas Pvt. Ltd., led by Mr. Sumit Chaudhary, Mr. Nikhil Chaudhary, and Mr. Ganesh Chaudhary, has placed an order for a cotton combed compact smart spinning project entirely powered by LMW's integrated machinery solutions.

Backed by decades of experience in cotton ginning and exports under their flagship brand "Amit Cotfiber", the group is now diversifying into spinning — and chosen LMW's proven technology and services as their foundation for excellence.

Sanskar Agro Pvt. Ltd., Wardha , India– Growing with LMW Since 2007

From humble beginnings in Ginning, Sanskar Agro's journey has been one of vision, expansion, and partnership. Starting their first spinning unit with LMW in 2007, they have consistently set benchmarks in performance and productivity.

Last year, their Aarika Spintex Unit, (18,240 spindles) A-Z LMW Smart Spinning Mill achieved industry-leading output and quality — a true testimony to their technological foresight.

Now, the group takes another leap forward by modernizing their existing units with Smart Ring Frames with Compact and advanced preparatory machines from LMW.

A move that underlines Sanskar Agro's commitment to innovation-driven sustainability and modernization with LMW as its trusted technology partner.

A Celebration of Trust & Technology.

These major project closures on Day 2 underscore LMW's continued leadership in Smart Spinning Solutions and its unwavering partnership with Global textile enterprises.

At ITMA Asia 2025, LMW continues to deliver on its promise —

"Crafting the Future of Smart Spinning, Today."
